

# AEGION®

## Stronger. Safer. Infrastructure.®

### ISO Certification

Fyfe Co. recognizes that the disciplines of quality, health and safety and environmental management are an integral part of its management function. The organization views these as a primary responsibility and adopting appropriate quality standards to be the key to good business.

Click here to view our [ISO 9001:2008 Quality Certificate](#).

The organization's quality policy calls for continuous improvement in its quality management activities and business will be conducted according to the following principals. We will:

- Comply with all applicable laws and regulations
- Safety comes first
- Exceed or meet customer quality requirements
- Use standard work such as routers, drawings, work instructions, SPC and procedures to ensure consistent correct results
- Never pass a defect to the next team member
- All Fyfe Co. team members have the responsibility and authority to stop work for safety and quality reasons
- Pursue higher quality at lower cost through continuous improvement
- Be very responsive to customer needs

To assist the organization in achieving its quality requirements, Fyfe Co. is committed to operating in a manner that sustains registration to the International Quality Standard ISO 9001:2008.

It is the organization's belief that in operating to these standards, it will meet the requirements of its customers and the industry.
